ACSF ACTION PLAN

Summer Partnership with MDTMT

With the support of **Dogwood Health Trust**, My Daddy Taught Me That & ACSF are delivering an academic support pilot program for 10-15 young men this summer. The goal of the program is to re-engage students, to help prevent summer lag, and to give youth who are struggling academically more support moving forward. Brian Randall, ACS certified teacher and former director of IRL, is the Director of Academic Programming and is assisted by Greg Hall, IRL Program Manager.
